

Pet Esthé Aromatic Oils

Choose Pet Esthé Aromatic Oil for your pet

No.01 Relaxation

A sweet, gentle scent that seems to warmly envelop the senses, easing tension and stress, and putting your pet in a brighter mood.

Daily stress

Sweet Orange and Sweet Marjoram

- When daily stress has accumulated
- When the dog feels lonely because the dog stays at home alone
- When the dog has had too much sex

Aromas relax the dog by releasing the tension which the dog accumulates during daily life.

Sweet Orange

Sweet Marjoram

No.02 Tranquility

A floral, soothing scent that induces a clean feeling, calming animals that are anxious and putting them in a gentle mood.

Sudden stress

Lavender, Ylang-ylang, and Rose

- When frightened by big sounds, such as thunder
- When frightened by humans, or specific locations
- When irritable, and barking continuously

Aromas calm the dog by reducing disturbances caused by the dog's emotional instability, pain, or excitement.

Lavender

Ylang-ylang

Rose

No.03 Relief of fatigue

A spicy and strong herbal scent that heals the body tired from walking, playing, or other strenuous activity, and adjusts the balance of mind and body.

Physical tiredness

Eucalyptus, Juniper Berry, Geranium, and Ylang-ylang

- When physical fatigue accumulates
- When the dog visits unfamiliar places for a long time
- After intense exercise

Aromas reduce the dog's physical tiredness, and give the dog a lighter feeling.

Eucalyptus

Juniper Berry

Geranium

Ylang-ylang

No.04 Reduction of skin trouble

A relaxing, soft, floral, woody scent that reduces stress and helps maintain healthy skin.

Skin problems

Geranium, Rosewood, and Patchouli

- When the dog has an inflammation because of mold caused by high temperature or high humidity
- When the dog has a festering sore caused by an itch

Aromas keep the skin healthy by reducing itch caused by mold, or ticks, and reduce skin inflammation.

Geranium

Rosewood

Patchouli

No.05 Refreshment

A charming sweet and sour scent that reduces fear and anxiety, and refreshes the mind and body.

To reset the dog's feelings

Neroli, Petitgrain, Tangerine, and Rosemary

- When the life environment changes
- Before and after training for a dog show, etc.
(when the environment changes from one with lots of restrictions and tension)

Aromas lead to a new feeling by first resetting the dog's feelings, and then giving the dog vitality, a fresh feeling, and sweep away tiredness.

Neroli

Petitgrain

Tangerine

Rosemary

No.06 Soothing of respiratory system

An invigorating, fresh, fruity scent like a gentle breeze that reduces anxiety and frustration. It provides the soothing effect of forest therapy, and gives your pet a natural feeling of peace.

Respiratory problems

Roman Chamomile, Lemon, and Atlas Cedarwood

- When the seasons change, and the air is dry
- When allergy symptoms appear because of pollen, etc.
- When the dog's concentration is lost because of sneezing or a runny nose

Aromas clear and relieve the respiratory system by reducing sneezing as well as runny nose (two symptoms of allergies), and discomfort that are caused by bacteria or pollen in the air.

Roman Chamomile

Lemon

Atlas Cedarwood
